

# Garbage Separation

Mitoyo City for Yamamoto town

Please take garbage to the designated collection sites by 8am on the specified dates. Please check your community's garbage collection schedule.

ITEMS AND PRODUCTS		NOTES
Every week Monday and Friday	<b>Burnable Trash</b> Kitchen garbage Tissue and waste paper Fallen leaves and tree branches Diapers Others (Cigarette butt, waste textiles, etc.) 	<b>Please be sure to put this type of trash in the Mitoyo City-designated bags.</b> Drain kitchen garbage well. If you own a garbage disposal unit, please make use of it as much as possible. Empty dirty disposable diapers before disposing them.  Use Mitoyo City-designated bags.
Every week Tuesday	<b>Plastic containers and packaging</b> Plastic containers (Styrene foam, trays for food, plastic cups, plastic trays for eggs and instant noodles, etc.) 	Be sure items are marked with the symbol to the left. Remove the contents of the containers. Please make sure to clean dirty items. Any items that are not possible to clean are treated as non-burnable. Shampoo pumps are considered "non-burnable" waste. Use transparent or translucent garbage bags
Every month 3 <sup>rd</sup> Thursday	<b>Paper containers and packaging</b> Paper containers (Paper boxes, paper bags, paper wrappings, etc.) 	Be sure items are marked with the symbol to the left. Wrappings without the mark shown to the left and any items that are not possible to clean are treated as "Burnable waste". Please remember to recycle newspapers, magazines, cardboard, milk/juice cartons, etc. as described below. Use paper bags or transparent/translucent garbage bags or bundle and tie items with paper string
<b>辻地区 (Tuji district)</b> Every month 1 <sup>st</sup> Wednesday  <b>河内地区 (Kouchi district)</b> Every month 2 <sup>nd</sup> Wednesday  <b>財田大野地区 (oono district)</b> Every month 3 <sup>rd</sup> Wednesday  <b>神田地区 (Kouda district)</b> Every month 4 <sup>th</sup> Wednesday	<b>Cans</b> Food and beverage cans, spray cans etc. 	Please be proactive in recycling aluminum cans at appropriate sites in your community. Remove the contents of the cans. Make a hole in spray cans before taking them out as waste. Be sure items are marked with the symbols to the left.
	<b>Glass Containers</b> Beverage and food glass jars and bottles, etc. (Bottles used for items that can go in your mouth) 	Remove the lids. Wash and dry the bottles. Cosmetics containers, oil bottles, heat-proof glass ware, dishes, and ceramics are treated as "non-burnable" waste.
	<b>PET bottles</b> Plastic bottles, bottle containers for drinks, sweet cooking wine, sake, vinegar and soy sauce, etc. 	Please be sure the bottles are marked with the PET symbol to the left. Remove the lids and labels and wash and dry the PET bottles. The lids and labels are categorized as "plastic containers and packaging".
	<b>Non-Burnable</b> Items including ceramics, glass, plastics not marked as プラ or PET, and other items (excluding rubber items, recyclables, toxic or metal waste, and other items listed below). 	Items should be less than 50 cm in length at their longest point. Cut long items such as hoses into lengths less than 50cm and bundle together. (If needed, use transparent or translucent garbage bags.)

Twice a year (to be announced)	<b>Toxic waste</b> <b>Metal waste</b>	Used batteries, fluorescent and incandescent light bulbs, mercurial thermometers, lighters. Metal products - pots, kettles, pans etc	Collected at specified municipal collection sites twice a year. Separate different types of items Do not break fluorescent/incandescent light bulbs. (In the case of broken bulbs, place them in a transparent or translucent garbage bag.) Be sure lighters are completely empty of lighter fluid.
